WEST CAMP

Nicky Coyne of Troop 3 in Hickok Village is a good bugle player, and he has volunteered to play retreat for any other troop. Inquire at the office.

MESSAGE OF THE DAY:

..-//.../-.-./-//.../.../-.-//
...//.-././.../-.-./.-.-/-

There will be a botany and bird study field trip Wednesday morning at 9:00 AM. Meet at the west camp office. This trip will be for both east and west camps.

Congratulations to all those who received the Brotherhood Honor of the Order of the Arrow last night.

The Commissioner areas have officially adopted the name of the Northwoods Construction Company. Rusty's site will be the Right Annex. John's site will be the Left Annex. The Handicraft Lodge will be known as the Central Office.

What bird is made of Ceder and melts in the sun? See the Ecology-Conservation Boards.

Rumor has it that Dave Johnson is in business for himself. He is putting peroxide on sparrows, and selling them for canaries.

Wednesday morning all Commissioner Aids will be at the New Obstacle Course near the waterfront in the Pine Forest. Come help them out and see what they're doing.

The volleyball, softball and soccer ball equipment came in. Check out this equipment from the west camp office and challenge another troop to a game.

The Northwoods Construction Co., Left Annex will be sponsoring a light-weight tent demonstration today from 2:00 to 5:00. Come see a wide variety of tents in the field near the Trading Post.

EAST CAMP

Tonight

as the full moon hangs over west camp the east camp staff will present a campfire. All troops and campers are welcome. Assemble in the Dust Bowl at 8:45.

All Order of the Arrow members should wear their sashes to lunch and for the rest of today and tomorrow.

GENERAL

Grand, spectacular, sensational, stupendous, tremendous, prodigious, monumental fireworks display!— 9 PM July 4th, viewed from west camp activities field and east camp waterfront.

ALPHA ALICE!

Dear Alpha:

I am a star gazer. But, as a camper, I must be in bed before all of the good stars come out. What Alpha, I'm begging you, what should I do?

Star Starer

Dear Starer:

I suggest staring at birds in your daytime hours as a substitute. For further information, just gaze at your Nature or Ecology-Conservation commissioner.

Alpha-Alice
