TERROR STRIKE MA-KE-JE-MAN DOWNS!

Terror struck Ma-Ke-Je-Man Downs today as Jack Hopper, a 6 month old frog own by flying Mankowski Bro. stables was stepped on by the track steward shortly after the finish of the second Dust Bowl Derby Wednesday afternoon. Lee Mathews explained that "just after the end of the race I was heading to greet the winner Son of Jack Rabbit (a 6 year old turtle own by Grum & Berg Stables) and the frog was in the way. His coloration (brown-chestnut with white side bands) blended in with the track so well, "I just didn't see him". Charges are being filed by the Mankowski Bro. Stables for damages to their prize thoroughbred. It is estimated that J. Hopper would have brought \$500 frog legs alone.
