Hey, Bob Olson! Hey, Larry Young!
You know Bob that starting a fire with wet wood is a real trick.
What else can I learn?
Well Larry, we at Fort Ticonderoga can show you how to construct a
tent without using stakes.
Gee! I'll see you up there, Bob.

The follow Boys should have sore feet after their grueling ten mile
hike.

The Frontiersmen Dave Elms, Jeff Herbig, Ted and Jim Naurechas, Chris
Lewrence and Tony Tafoya of Fort Ticonderoga took a 12 mile hike
yesterday. We discovered the lost Little Grasshopper Valley and
the Wolf River.

Welcome to East Camp Dick Butler!

East Camp, meet Mr. Butler. He is going to be the Volunteer Commission
for Mohawk, Chippewa and Delaware Villages for the third period. And
what a terrific guy! His list of accomplishments just starts with
his being the Scoutmaster of Troop 63 in Zion for 7 years. He has
also been an assistant Scoutmaster of Troop 62 for 10 years. He
is presently the advancement chairman of Pack 60 of Zion, the same
pack that his nine year old son, Mike, belongs to. Holding the
Scoutmaster's Key, the Silver Beaver award, and being Woodbadge trained
only makes his job as Oakarro District Scout Chairman easier. This
being Dick's second year as a volunteer commissioner proves his
statement - "I like to work with kids." From the sounds of it, his
stay may be only too short. (Can't he stay for another week, Mrs.
Butler?)

.....

We understand that a certain member of the Jensen family has more East
Camp Spirit then normal - Welcome to East, Phyllis!
