ECHO'S ECHOS

Words From Wayne: There will be a very special sale in the East Camp Trading Post. There will be root beer floats with that good old fashioned taste. Come on down and get one for the low price of 25¢.

For all you people who care about the East Camp Clerk, you've got to buy horse back riding tickets or this young man will be tried and found guilty of not doing his job. So please buy your horse tickets at the East Office for only \$2.00 an hour. Another sad note to this story is that West Camp has sold more tickets in the last two days than East has and we can't have that.

Contrary to popular belief, there will be weather today and yes, there is a 60% chance of rain. But tonight it will become cooler and clearer. The future outlook calls for clearing and cooler temperatures.
