## GENERAL

For all campers: there are two days left to finish your merit badges. A Scout who is THRIFTY has not squandered his time, but worked on his badges so that he can avoid the last minute rush.

Staff: be sure to get your advancement reports in on time; check with your Camp Director.

The Staff would like to thank those in West Camp who were responsible for last nights entertainment. The enthusiasm and flair in which it was conducted has only been met by the performance of the Wabaningo Staff last week. John K. - good luck next week.
