### RELATIVELY UNCLASSIFIED

Reminder from Albert Fleep: Your Trading Post has goodies galore- so move yourself over to yours and get yours (as much as you want)

Rumor has it that the food at the Country Store is better than that at the mess halls . . . , hard to believe but true - taste for yourself!!!!!!!!

This Smoke Signals will now end early today because Max Miller refused to let Dick Doughty publish his highly entertaining story that would both fill the remaining lines of type and keep the whole of Ha-ka-ja-wan Scout Reservation (owned and operated by the North-east Illinois Council) in great rounds of laughter the whole day through. Sorry folks, but that's the way Max does things. Never give an honest guy a break. Really, he isn't such a bad fellow. As a matter of fact . .
