

MAKAJAWAN

SMOKE SIGNALS

TODAY IS: July 21, 1977
THIS IS: Vol. IV - No. 20

FAMILY CAMP: Well, now both our medics swam the Killian Triangle. Tuesday it was Jim Olson and yesterday afternoon, Rick Tannhaeuser exerted his energies to get from Family Camp to East Camp to West Camp and finally back to Family Camp. Our own beloved Nancy Hoolehan was right there supervising Rick in her trusty row-boat - I wonder which is more strenuous - swimming a mile or rowing a mile! Of course for a physically fit person - nothing is too tiring! Today? Horse-back Riding...

WEST FIELD SPORTS: 1) Rich Bilinski again was top shooter of the day with a 48. 2) Lots of shooters for National Rifle Association Awards Get yours early! Today is the last day for NRA shooting. 3). Still no Clay Birds. 4) Today and tomorrow morning will be reserved for the NRA Postal matches.

WEST HANDICRAFT: All leather workers - Don't forget about the leather-working contest!! Judging will be on Friday at 3:00 sharp. So make and bring your projects down.

EAST FIELD SPORTS had 2 Troop Shoots with Troop 174 posting 321. Later in the day Troop 72 came in Firing but fell short of the Weeks high, so far with a 361. Troop 39 leads the Camp so far with 373. With 2 days left, your troop still has time to be entered. See your Commissioner for times.

Today is the last day for the Top Ten Shoot Off. Better be down today to post your score. Friday the Top Ten Shooters will have a shoot off followed by the NRA Postal Championships. Places can still be won by Coming Out to Shoot!

On Friday and Saturday of last week, the annual inspection of Ma-Ka-Ja-Wan Scout Reservation was conducted by Harold Hughes, member of the National BSA Inspection team.

For the fourth straight year, our camp received the highest rating possible, the coveted "A", and was presented the National Standard Camp pennant. This award is highly significant to all who attend Ma-Ka-Ja-Wan, either as campers, leaders or staff for it indicates that we have met or exceeded all the requirements for a safe and healthful camp operation.

In attaining this honor all camps were judged on their programs, facilities, and staff, as well as rating the overall operation of the Reservation.

I wish to use this opportunity to thank all staff members, CIT's, volunteer leaders and Scouts for their efforts and cooperation in keeping our camp one of the best in the nation.
