

SMOKE SIGNALS

Vol. V No.10 (The Only Daily Newspaper in Pearson, WI.)
July 5, 1978

Okay, you guys! Somebody in this camp is not thinking SUN! Just in case you didn't know it, that's why we got this big rain this morning. Now c'mon. This has got to be a 100% camp operation. Everyone, and I mean EVERYONE has got to cooperate and think SUN. I don't know about you, but personally, I have had it with all this rain. Let's have some warmth and sunshine for a change, or, do you suppose yesterday was our summer? If it was, it was sure nice while it lasted. Oh well, better luck next year.

WEST CAMP

Trading Post-Jer's Joynt reports an addition to Ma-Ka-Ja-wan generosity. For every purchase over \$5.00, a 1978 Ma-Ka-Ja-Wan button will be given at no extra cost.

Still more survival packs for a neckerchief, or a mug purchase.

A big Thanks to Troop 77 for the big cleanup. The field, as of yet, isn't looking too fine--Pitch In!

Field Sports-Tom Fontaine of Troop 310 won the Silver Bullet with a score of 41. Attention all Scouts working on their pro-marksman or marksman rating--complete your targets by Friday morning so I can make out your certificate before you leave for home.

A watch was found in the West Camp Field last night. If you think it is yours, see Walt.

Besides seeing the movie last night, (and wasn't it great!), the entire reservation was treated to a spectacular display of the Aurora Borealis, better known as the "Northern Lights". The seemingly endless sheets of shimmering lights has been around for quite some time. They are caused by solar flares erupting from the sun acting upon the electromagnetic field that surrounds the earth. Most of the time, the "lights" are white, but sometimes they occur in colors also. We were truly fortunate to see one of Mother Nature's more beautiful displays.

HIGH ADVENTURE Patches are available at the Country Store

(Paddle On)

Page 2-

A big thank you to all the Scouts for their cooperation during last evening's activities.

Hello, Radar, hello--Thanks to you and your kitchen staff for the fantastic supper last night.

EAST CAMP

Trading Post--Today, at "Hannie Baby's" Trading Post, it's Hannsman's favorite item day again. Guess Hannie's favorite item and you win a free survival kit and a line pass. See ya' there.

Field Sports--Mohawk Village came down and scored an incredible 410 to surge into the lead for the Troop Shoot Watermelon. Their score meant they had an average of 41 per target while they were putting holes in some paper. The rifle range will be closed this evening from 7:00-8:00, EXCEPT for Commanche Village, Troop 210, which has it reserved for a Troop Shoot. (C)

Bill Bischoff is in the lead for the Silver Bullet, with a score of 46. That's not too bad to you guys who've never shot a rifle before. Nice going, Bill.

Remember to pick up your NRA targets. If not, tonight they will be used to patch holes in the leaking roof of Sherwood Forest.

Thanks, again, to you guys who helped to move the hay. See me about your "payment". (HA!) T.M.

The East Commissioner and the first period Pioneers have spanned the Chasm of Doom. Come down and observe the feat, if you dare.

To "The Other Commissioner"
If you guys think I'll take some Copenhagen, you're crazy. I want to keep my teeth pretty and white. Also, I think that's the most DISGUSTING habit I've ever seen. Besides, I don't own a spittoon.

Signed:
"The Only One Left"

FAMILY CAMP

Congratulations to Therse, Kristine and Kathryn Lamermayer, who were the first from Family Camp to swim the Killian Triangle. HOO-RAY!

Tha-tha-tha-that's all folks! See you tomorrow. Have a happy!
