We hope these next two weeks will be a great experience for all of you.

East-West-In the never ending struggle to survive the D.T.s, the "cold turkey brigade" is making a valient effort. The "Bronze Tiger", "Tufted Titmouse", and "Minnesota Viking" are hoping for a new member to join them and stop smoking cigarettes.

(Puff On)

"Terminal Man" alias the East Camp Rifle Range, has almost given his commitment to stop smoking, however, he does not agree with the policy of chewing Copenhagen, which the group, with the exception of the "Minnesota Viking", has allowed as a therapy to assist them in kicking the habit. Terminal Man" believes it will not keep his teeth pretty and white.

Will the cold turkey brigade make allowances for this? Stay tuned for further details. Signed - "The Other Commissioner"

Welcome to Susan Noerper, in the Health Lodge. Susan is here now with her daughter Susan, and son, David, who will be joining the Provisional Troop; and son, Steve, who is with his own troop in West Camp. Susan's husband, Norm, will be joining her on the 15th, and they will all be here through the 22nd. She is a registered nurse, and much prettier than Dave Bruno. (no insult intended, Dave.)

Our second welcome goes to Dan Starck and his wife, Lola. Dan has signed on as a fulltime Commissioner in West Camp, and, Lola will be working in the West Camp Kitchen. Cook us up something good, Lola.

Our final welcome goes to Franklin Zurschmit. Frank will be working as a volunteer East Camp Commissioner. He is married, and has five children, but his family will not be here at camp with him.

We hope the time you all spend here at Ma-Ka-Ja-Wan is a good time for all of you. Thank you for joining the rest of us in trying to make this a worthwhile and exciting summer for all of the Scouts and Scouters who will spend time here in 1978.
