

SMOKE SIGNALS

Vol. V No. 18 (The Only Daily Newspaper in Pearson, WI.)
July 15, 1978

Well, let me tell you--last night I saw something that I had not seen before, and, probably, if I see 100 more of the same thing, it will never seem as spectacular as the O/A Ceremony that I saw last night. I had never seen one before, so I really didn't know just what to expect. There was just so much to see, that I had trouble trying to keep up with the whole thing. The "fire hoop" dance was thrilling and, a little frightening, but, then, when the big fire took hold, I felt just a little breathless. It was like the 4th of July, when you look up into the sky and see all the beautiful fireworks, and everyone "ohs" and ahs. The whole ceremony was just undescrivable. One has to see it, to believe it. I don't think that I have the right words to try and tell it all. But, thanks, Ma-Ka-Ja-Wan, for the opportunity to see it. I will never forget it.

Dear You Guys,

Larry Young, a counselor, took us on a campout for Wilderness Survival Merit Badge. We had to make a shelter out of native materials we found in the woods. Then, we started a fire, (without matches) with a flint & steel or steel wool and batteries. We learned about edible plants and made winter-green tea.

I miss seeing you very much. Hope to hear from you.

Love,
Joe

FAMILY CAMP

There is a certain Field Sports Director in West Camp, who, just the other day, came up with a very profound statement. He said that he had a strange suspicion that maybe, just maybe, his wife is in the "family way". I wonder how long it will take for him to be sure???

ATTENTION ALL SCOUT LEADERS & STAFF IN WEST CAMP: THIS MORNING, BETWEEN 9:00 AND 9:30, SOMEONE FROM WEST CAMP FOUND, AND PICKED UP A GOLD STAR OF DAVID PENDENT IN THE WEST SHOWERS. THIS ITEM HAS AN EXTREMELY DEEP SENTIMENTAL VALUE TO THE OWNER, SO WOULD YOU PLEASE CHECK WITH YOUR SCOUTS AND SEE IF SOMEONE MAY HAVE FOUND IT? IF FOUND, PLEASE TURN IT IN TO EITHER "SWANNIE" IN WEST CAMP OFFICE, OR AT THE "AD" BUILDING.
