Hey, it's Monday!!! Are you ready to face another week? It's going to be a good week, filled with activities. We have hay-rack rides, raft trips, canoes trips, field sports, water carnivals, "Gong" shows, and all kinds of really neat stuff in store for you. We hope this coming week will be a great one for you and that the weather will cooperate.

NEWS FLASH!!!! Morris, the famous T.V. cat is dead. It grieves us to have to pass this information along to you. But, no more, dear friends, will we hear that old familiar voice yelling, "Morris, it's time for din-din." And, hear that beautiful voice answering, "Oh, Brother!" Be brave, Morris fans, be brave. We must carry on. Morris would have wanted it that way.

a black and orange daredevil (for those of you who have recently lost one of these treasures--eat your heart out!) But wait, the best part of our fish story is that neither Chris nor Tim used a pole--just ingenuity. (What do you suppose they used??)

Scoutcraft-Attention: Construction on our "Tower in the Trees" has been commenced. Come down today at 2:00 PM and let's see how far we can get towards the completion of this Civil Engineering masterpiece. See you there!

East T.P.-Today, at your friendly East T.P., it's trivia day once again. But, this week, there'll be a new twist. There'll be two categories of trivia. One is the traditional trivia answerable for a 50¢ purchase. Then, there's the second, which is answerable for a \$1.00 purchase and if answered correctly, you receive a free block of ammo to shoot at the rifle range.
