

SOME SIGNALS

Vol. V No. 20

(THE ONLY DAILY NEWSPAPER IN PEARSON, WI.)

July 18, 1978

FLASH!! It rained this morning and as a result, we are without electricity, which means no lights & no electric typewriter, so I am typing this with a manual typewriter, which I have not used for several years. So, be patient and understanding.

The power outage was caused by a fallen tree, which just happened to fall across a power line, thus causing "no electricity". Hey, the Power Company just got here, and it shouldn't be too long until we get our power restored.

WEST CAMP

Three nights ago, at the West Camp Invitational Skeet Shoot, West Camp won with a 33 out of 50 birds. On the other hand, East Camp shot a 26 out of 50 birds. It was a very close match. That night, during the shoot, Curt Sander, of Troop 25, shot a graceful 10 out of 10.

In other news, just two nights ago, Frank Racanelli of Troop 198 came down & shot a rousing 20 out of 20. I think he deserves a big hand. Signed Shotgun

SORRY, FOLKS - THE MANUAL MACHINE JUST QUIT, TOO! THE REST OF THE NEWS WILL BE IN TOMORROW'S EDITION. IT IS A LITTLE DIFFICULT TO SEE IN HERE!

FROM NURSE SUSAN: USE COMMON SENSE!  
WHEN IT RAINS - WEAR A RAIN COAT!  
WHEN HOT & SUNNY - DON'T STAY IN THE SUN TOO LONG.

MORE ON WEDNESDAY! STAY DRY  
AND SMILE 😊
