

SMOKE SIGNALS

Vol. V. No. 21  (THE ONLY DAILY NEWSPAPER IN PEARSON, WI.)
JULY 19, 1978

Rejoice, dear readers, rejoice!!! The presses are rolling once again, and the "Smoke Signals" is back to it's "old, jolly, self". Yesterday's storm was really something--we had one tree down, that we know of, and possibly one or two more. But the Power Company was here within just a short time of being notified of the line down, and we were back in business just shortly before lunch, but by that time, the Smoke Signals had been run, and it was too late to add all the articles that should have been in it. So-o-o-o, here we go, on what might well turn out to be an extra super-special edition. So, hang on to your hats.

WEST CAMP -Scoutmasters, be sure to return your Saturday lunch count to Swannie as soon as possible.

There will be a meeting of all troop leaders, (SM & SPL's) after lunch on Friday, at the Commissioner's Site. Checking out procedures will be discussed. Be sure to arrange to be there.

Scoutmasters: Do you know where your Scouts are after 9:30? Many are where they don't belong. All program areas are off limits after 8:00 PM, and the T.P.-Q.M. after it closes. Scouts are not allowed in the Dining Hall after clean-up.

It's going to be a great day for Wilderness Survival--No snow or sleet in the forecast.

West Eco-Con: 1) Today is Projects Day! If you need a project for one of your Eco/Con merit badges, then come down to the Nature Lodge at 2:00.

2) If Astronomy is something you always wanted to know more about, then come tonight. Tonight is the Astronomy Slide and Planetarium Show held at 9:30 PM, in the West Dining Hall--weather permitting.

Rumor: Rumor has it that Paul Schultz has a birthday July 19, and that's TODAY!!! Are you ready, guys?

NASPA Members: Has anyone seen Herkimer J. Aardvark's leash??

MISCELLANEOUS: All Scoutmasters-Be sure to stop at the Health Lodge and pick up your Troop's Medical forms before you leave. You can pick them up starting Friday afternoon thru Saturday morning. These should be returned to you here at camp. If you do not get them here, they will be sent back to the Council.

EXTREMELY IMPORTANT

Mark Gaines Trig Quiz: $2\sin 2x + 2\cos 2x = ??$

FAMILY CAMP PEOPLE-Mention has been made of the fact that Family Camp is looking sort of grubby-lots of litter around. Come on, families, let's clean up our act. Pick up the litter. There are plenty of garbage cans around--please use them.

EAST CAMP-Field Sports; Delaware Village has a troop shoot scheduled from 7-8. Remember, there are only two days left to have your troop compete in the "Race for the Watermelon" and the competition has been fierce, so make sure you're signed up.

NRA targets that were shot before today, can be picked up from the can at the rifle range. If not picked up, the targets will be used tomorrow morning at breakfast as plates. Since all of the targets have holes in the, that could prove to be a little difficult.

Archery Department-Today is the wild and wonderful "William Tell Shoot Off." At 3:00, we will find who can shoot an apple off Will Tell, Jr.'s head, for the prize. The elimination tournament will start at the 10 yd. target, move to the 20 yd. and 30 yd. target until only one "William Tell" is left. The prize will be a pizza from the Country Store. So, try your hand at it, and remember, "Don't fire at Will, fire at the apple".

Trading Post-Something is definitely wrong at your friendly East T.P. today. Friendly Dave is up in arms. Please, please, come help Dave find out what's wrong. With every 50¢ purchase, you are eligible to find something wrong. If you do, you win a free coke. P.S. The magnificent Ma-Ka-Ja-Wan Macaroni Multiplication meet is still on. Friendly Dave

Wow, that's all there is for today. There were a couple of other items, but to lack of time and space, sorry, guys, they were vetoed.
