ATTENTION-The National Weather Service has announced a severe snow warning in effect for East Camp, continuing through tonight. All normal flights have been cancelled.

East Camp Report:Yes, folks, incredible as it may sound, it's snowing in East Camp. Yes, in mid-July, that quiet haven of Scouting is blanketed with a think layer of white crystalline water. Campers and Staff alike, share this phenomenon, as the spirit of Christmas spreads across East Camp's rolling hills. Nothing is more beautiful, as the staff gears up for what may very well be Christmas in July. In the pure spirit of the season, the staff would like to invite the Troops to dinner at 6:30 tonight. Patrol Cooking Troops are invited to join our party at 7:00, immediately after dinner. Yes, in spite of the snow which has closed all roads, stopped all trains, and grounded all flights, East Camp's spirit endures!!
