

SMOKE SIGNALS

Vol. V. No. 36

(THE ONLY DAILY NEWSPAPER IN PEARSON, WI.)
August 8, 1978.

Here we go again, folks, on another exciting chapter in the life of the "Smoke Signals". Are you ready for that? Do you think that you can handle all the excitement, the drama, the suspense of another day at Ma-Ka-Ja-Wan? If so, read on.

ORDER OF THE ARROW-There will be an O/A meeting immediately following lunch today. West Campers will meet in the West Camp Office; East Campers, meet in the O/A Lodge.

WEST CAMP

Ray's Bleachers-Before anything else, this reporter must insert an apology-yesterday, I mistakenly reported that the Cubs had won the second game of the Sunday double-header. "El-Wrongo". They lost both games of the double header. UGH!!

Remember, you can receive a Survival Kit for purchasing a neckerchief or a mug or ashtray, or any combination of the above, you get a "Deep River Jim's Second Trail Book". That's a \$4.95 value.

Frank, are you reading this?? I've got a fantastic bargain for you!!

Today, straight from Hollywood, it's "The Price is Right" Show. Any \$1.00 purchase gets to take a play. **Remember to vote for your favorite staffman. SPORTS SCOREBOARD-Yesterday, driven by Bill Buchner's 2 out single with bases loaded, the Cubs pushed their campaign further to the long awaited Eastern Division Pennant.

Scoutmasters' Breakfast will be held Wednesday morning at 8:00 for all adult leaders. It will be held in the "Paradise Amidst the Pines" Commissioners Site. Please come for a heavenly delight.

Cooking Merit Badge Requisitions must be done by Friday at 12:00. No exceptions.

TO WHOM IT MAY CONCERN: If my campaign hat does not show up by 5:00 this evening, my sinister plot will be put into action. So-o-o-o-o, if you are responsible, please return, or you life or nose, (whichever you value most) will come to a smashing end. Signed: Kevin Beauvais
P.S. Also looking for red wool jacket and Neil C.'s staff lined jacket.

Environmental Science M.B. Scouts-3:00 today, be at the Nature Lodge

(More)

for the Environmental Science Hike of your life. You must be there. Eco/Con-Weather permitting, tonight will be some show! The Astronomy Slide and Planetarium Show will take you on the voyage of your life, as we venture through the Solar System on into the galaxy. So, be at the West Camp Dining Hall at 9:30 PM, tonight, weather permitting, (that means, no clouds.)

EAST CAMP-Scoutmasters and SPL's-If you would like to sign your troop up for camp next year, and would like to do it here at camp this week, get in touch with Jim Johnson and he'll tell you how to do it. Remember, next year is Ma-Ka-Ja-Wan's 50th Anniversary, and you don't want to miss that.

Yesterday, Greg Peters of Troop 2, Iroquois Village, tackled the treacherous Killian Triangle. Such an amazing feat, and on only the first day of activities. Congratulations, Greg! "The Tanned Titans of East H₂O"

East T.P.-Come on down to crazy Bob's T.P. and rack your braincells on the "Old Cartoons" trivia quiz. For every purchase over 49¢, you'll try to answer a question dealing with old cartoons. If you succeed, you'll win yourself one tin of survival food. Even if you don't know all those old cartoons, come on down anyway. "Crazy Bob" signing off. P.S. Need a sample question? How does "Clutch Cargo's" theme song go?

SPL's-Come on down to the Commissioner Site to learn your Totin' Chip, today at 2:00. You need this to be able to teach your patrol members the proper use of knife and axe. See you there.

Eco/Con-Anyone interested in a trip to St. Regis Paper Mill in Rhinelander on Wednesday, must sign up with Dave or Ken at the Eco/Con area today. There will be a charge of \$1.00 per person. Family Camp is welcome too, although no one under 12 is allowed in the mill. Departure time announced tomorrow.

Scoutmasters: Please make clear to your Scouts, the need to inspect trails that have been closed off. The same thing goes for litter on the reservation. There is no place for it here.

Those who have signed up for Tuesday's Environmental Study Hike, meet at the Eco/Con area at 2:00. Scouts who are not signed up, please do not attend.

Field Sports-Jerry Steiner, Troop 3, is in the lead for the Silver Bullet with a score of 42, which is good shooting for the first day of camp. Keep it up, Jerry.

A lot of Scouts are nearly finished with their first rank in the NRA Shooting, so hurry and finish those targets, and join the ranks of other Scouts who have received a certificate this summer. If you haven't signed up for NRA, do it now. Don't be the last in your troop to start putting some holes in the targets.

All those who turned in targets yesterday for NRA, you can pick them

up at the Rifle Range today, in the tin can. If not claimed by 8:00 PM, all targets will be used to wallpaper the East Camp Office.

Mr. Spieker, Troop 3, has laid claim to that highly coveted award, "The Order of the Hunk of Lead"! This much sought after award is available only to Scoutmasters, and there has been vicious competition in past weeks to seek this priceless trophy. I'm sure that Mr. Spieker's score of 45 will not stand for very long. (Hint, hint)

Sioux Village, Troop 1, has a Troop Shoot at "Ticonderoga" from 7-8 tonight.

Lock, Stock & Barrel Department-Yesterday at the East Camp Shotgun Range, (The Deerfield Massacre), the shotguns were blazing away. After the smoke cleared, there were alot of impressive scores. Come on down for some fun and excitement. Signed: "Big" Dave

Archery-Yesterday, Jim Ericson, The Pot & Pans King of East Kitchen, came down and shot a whopping 14 on the 10 yard target. He now holds the record for that target. Are you going to let a man with dish pan hands score better than you? Well, come down and try your hands at it. Signed: "Never Done Dishes, Freze"
Archery Question of the Day. How does an archer walk? "Bow"legged, of course.

Did you know that there are 14 merit badges offered in the Eco/Con Areas? Most of these badges are best earned right here at Camp Ma-Ka-Ja-Wan, where the raw materials are all around us. Some of the badges offered are: environmental Science' nature; forestry; fish & wildlife management; soil & water conservation' mammals; and pulp and paper. It is best to sign up now, rather than later.

That is ALL, for today. Take care, and remember to smile--this is National Smile Week.
