Isn't it great to be a part of something that is 50 years old? We hope that this will be a great experience for you, and that you will long remember this as the greatest camping season you have ever had. Now, on to the important stuff.

WEST CAMP--Mark down these coming events. Monday night--our staff member from Israel, Ahituv Shiffman, will put on a slide presentation about his homeland. This will be at 9:00 PM, in the West dining hall. All are invited. (Family Camp, too.)

Tuesday--There will be NO program after dinner. Beginning at 8:30, a full-length feature film will be presented. The movie for this week is "Menagerie", from the "Star-Trek" series. Remember--8:30 on Tuesday evening.

Any troop wishing to use the volleyball equipment after dinner and until 8:30, see "Swannie".

Eco-Quote--Everything is related to everything else.

ECO-CON--Leaders: If you are interested in any special ecology program, tell Stephan Arndt, the Eco-Con director and he will make the arrangements.

The bulletin board in the mess hall has all the necessary info about the program.

SPL's--Don't forget your entries for the Big (8½"x11"x12") contest. Bake-off details will soon be ready.....See your Commissioner

WATERFRONT-The polar bears of Troop 91 continue their exercise in craziness, as they are still coming down at 7:00 every morning for that refreshing dip in the lake. (Br-r-r-r-r-r!!!!)

Scoutmasters-Please see John soon to get your Safe Swim Defense Plan talk schedules and get those troops in the Lake.

HANDICRAFT-Just a few steps from the Trading Post is the Handicraft Area. There is still time to sign up for basketry, leatherwork and woodcarving.

Starting today, there is a fantastic contest for the best: neckerchief slide; leather project; and wood project. Handicraft is waiting for you!!!

FIELD SPORTS-For fellow feather and fletching flingers, find fun and future fundamentals, far flung from frolicking friends, down deeply depressed below developing deer, ducks and devilish dingalings. Enter easily evermore, East of Eden, early in the morning. And associate among aspiring artisans and also all active archers. Now Now, if you have made it this far: we wish well wishes whenever we will see so-o-o-o, ridgerunners, retired and reserves relating relatively recently to rifle responses, really heavily hoping happily and heartily for some good times! (Whew!!!!) Leadfoot, Shaft & Frenchy-----

T.P.-Remember the "Durrp" The magnificent Ma-Ka-Ja-Wan macaroni multiplier is today only at the significantly superior sector secretly and selectly secluded somewhere south of somewhere someone surely sees. So, stop sometime soon, so you can surely see what this stupid selection of script is about. Gurnsey
